THE DEMAND FOR TOBACCO.

North Christian Planters Still Holding For Higher Prices.

It is estimated by a correspondent that from 30 to 40 per cent of the tobacco crop in South Carolina has been sold in the barns.

Twenty-two farmers of the Howell neighborhood, and their crops, about 500,000 pounds of tobacco, at prices ranging from \$10 to \$15 round, North Christian planters are holding for still higher prices.

THE AIR IS FULL OF IT.

Trouble Ahead In the Old Log Cabin.

SOME QUEER DOINGS.

Better Elements of the Republics Disgusted With Current Methods.

REPUBLICAN EXPRESSES HIS FEELINGS.

(Communicated.) There is trouble ahead in the old log cabin and the minutes of the dominant party in this county feel it in the air. The poll books were burned, but not with the discontent and dissatisfaction shown by the party, and that, too, among the better element the very questionable methods of a few of the successful nominees. It is a well-known fact that some of the most disreputable and popular men in the party were defeated by others, possessing little to commend them to the intelligence and moral sense of the people. There were three candidates before the Republican precinct convention for the nomination for Representative, Mr. J. W. Morgan, Dr. Andrew Sargent and Rev. Jan. M. West. Mr. Morgan was unable to attend to his interest owing to the illness of himself and family. Mr. West came out but eighteen days before the election, yet he carried every precinct North of Hopkinsville—West Crofton 18 over Mr. Morgan, Dr. Sargent receiving nothing, and East Crofton 18 over Dr. Sargent. It is declared by Mr. West and his friends that the friends of Dr. Sargent made a most lavish use of money in East Crofton for the purpose of carrying that precinct. For many years a Republican nomination has been equivalent to an election in Christian county, but the strong party prejudice will not be strong enough to bring the better elements of a party to sanction corrupt methods or vote blindly for party nominations.

A REPUBLICAN.

Will Move.

Dr. Forgy, of St. Elmo, is making arrangements to move to Fairview, where he expects to make his future home.

Petio Accepts.

Senator H. G. Petrie has accepted the Republican nomination for Circuit Judge of the Seventh judicial district.

Primitive Baptists.

The Primitive Baptists will hold a protracted meeting, beginning the first Sunday in next month, at Fairview. It will be conducted by Revs. Andrews and Phillips.

Church Dedication.

The Rev. Jesse Grider, of Smith's Grove, will conduct the exercises when the new Cumberland Presbyterian church at Fairview is dedicated on the fourth Sunday in this month.

Inspectors Dismissed.

The State Board of Health last Friday dismissed all yellow fever inspectors in the State and from this time on the refugees in Kentucky will be placed under no constraint by medical officials.

Married at the Court-House.

Mr. C. R. Fowler and Miss Pearl G. Simpson, of Macedonia, were married in the County Clerk's office Friday afternoon, by County Judge Breathitt. The ceremony was witnessed by a large number of county folk.

Joined in Marriage.

Mr. Ben D. Thompson, formerly of this county and now of Brooksville, Fla., was married last week at Madisonville to Miss Charlie Turner, at the residence of the bride's mother, Mrs. Elizabeth Nibbet. The Rev. S. H. Lovelace officiated.

A SERIES OF MEETINGS.

Protracted Services at the Ninth Street Presbyterian Church.

Rev. E. O. Guernsey will conduct a series of meetings at the 9th St. Presbyterian church, commencing Oct. 21st, to John P. Garnett and C. W. Ware.

BEEF IS SHOOTING UPWARD.

It Will Probably Be Much Higher Than For Years.

Since the cow jumped over the moon, beef has rarely been as high as now. The price has gone up fully one-third within the last few weeks and butchers say that before the holidays it will have advanced 50 per cent. over the price of last year. Beef has steadily advanced for the last few months, and is now from 1 1/2 to 2 a pound higher than it was last year. Australia has recently recovered from a periodical drought and as an exporter of cattle she is one of the foreign competitors. California cattle are practically exhausted. Oregon has a short crop and the result is that beef is and will be higher than it has been for years.

Something to be proud of.

Mr. Jan. M. Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was afflicted with leprosy, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into a fatal condition. Having heard of Dr. King's New Discovery, she began to get better from first dose, and half dozen dollar bottles cured her and she is well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it. Free trial bottle at R. C. Harwick's drug store. Regular size 50 cts and \$1.00.

HAVASOTA, TEXAS, IS NOW INFECTED.

Mr. James Guy Duncan, of Henderson, and Miss Marie Ennis, of this city, were joined in matrimony Tuesday night. Although it had been known by their close friends that these popular young people were sweethearts, only the immediate families knew that the nuptial date had been arranged, and the news of the marriage came as an almost complete surprise. Tuesday afternoon the new Mrs. Duncan, without mentioning the names, predicted that the wedding would take place, but so quietly was the affair managed that even the lynx-eyed reporters were deceived concerning the exact time.

The ceremony was performed at the residence of the bride's parents. Dr. W. K. Piner, of the Methodist church officiated. Mr. and Mrs. Duncan left for Nashville on the 8:15 train to spend a portion of the honeymoon at the Centennial. They will be at home in Henderson to-morrow.

The bride is one of the prettiest girls in Christian county, and her charms of mind and heart are in keeping with her face. She is the daughter of Mr. W. D. Bunt. Mrs. Duncan lived in Hopkinsville up to a few months ago when he went to Henderson to accept a lucrative position with the Wilford & Johnson Milling Company. He is a young man of exemplary habits, fine business sense, honor and intelligence. A large circle of friends of the happy couple join the New Era in good wishes.

JOHN HENRY TANDY DEAD.

Born at Fairview and Well-Known in This City.

John Henry Tandy, one of the most highly respected citizens of this section, died Tuesday at 6:15 o'clock, at the residence of M. E. Whitefield, No. 304 Franklin street, where he had been confined for the past five weeks, says the Clarksville Chronicle. Mr. Tandy was a high-toned, practical gentleman, and made a success in life; his acquaintance was large, and he left many true friends.

Mr. Tandy was born near Fairview, Ky., Oct. 5, 1835, and was, therefore, 72 years of age the 5th of this month. About fifty years ago he married Miss Sallie Trice, of New Providence, who died a number of years ago, leaving only one son, Mr. Will H. Tandy, of Logan county, Ky. The deceased spent the greater portion of his life in New Providence.

BRIDE OF TWO MONTHS DIES.

Mrs. Gideon Kirby of Bainbridge, Ex-pired Suddenly Tuesday.

The wife of Gideon Kirby, a well-known young farmer of Bainbridge, this county, died suddenly Tuesday morning of a congestive chill. She was attacked with a rigor and expired almost instantly.

A certificate was filed with the County Clerk of Christian county, Tuesday stating that one G. C. Duguid, was on October 7, at Edgelyville, nominated as a candidate for Commonwealth's Attorney by an alleged People's Party convention. The Clerk is instructed to place the name of Duguid on the ballots to be used in November, and under the device of the Populist Party—the plow and hammer. It is said that the "convention" was composed of only three persons.

Mr. Duguid is not nominated by the regular Populist authorities of the Judicial district. His nomination is merely a trick—and a very transparent one—of Judge Breathitt's friends to try to fool a few Populists in Calhoun into voting for Breathitt.

It won't work, however, for the Populists of Calhoun, and of the other counties in this district, are too sensible to be betrayed into the camp of their enemies by any such puerile device as this.

It will not make Breathitt twenty-five votes in the entire district, and it only proves, what is well known to the people of this district, that Breathitt and his friends are in desperate straits, that the hand-writing is on the wall, and that he'll be defeated—and by a big majority, at that, if the Democrats will only do their duty.

Death of Mrs. Coleman.

Mrs. Emma Coleman died Monday night at her home on South Campbell street. She was a highly esteemed and generally beloved woman, and her death causes sincere regret among all who knew her.

The deceased was born November 11, 1841, and was a daughter of the late John B. Gowan, of this city. In July, 1863, she was married to Milton C. Coleman, a brave officer in the United States Army, who died in 1891.

Mrs. Coleman had been an invalid for several years ago she was taken seriously ill, and for a number of days her family and friends have entertained hopes of her recovery. She passed away at eight o'clock Monday night. She was incessant in pain during all her final sickness.

Four children survive her—Mrs. W. E. Foulke, of New Mexico; Mr. Milton Coleman, Mrs. Roy Magdalo, and Robert Coleman.

Funeral services were held at the late residence at 1:30 o'clock Tuesday conducted by Dr. W. L. Nourse. The remains were laid away in Hopewell cemetery.

Some City Chatter.

THE PYTHIANS. The next annual meeting of the State Grand Lodge of Knights of Pythias will be held in Frankfort on the 22nd. Evergreen lodge has appointed delegates and instructed them to extend an invitation to the Grand Lodge to meet in Hopkinsville next year. This city was a candidate for this year's meeting, and was defeated by Frankfort by only a few votes.

A RECITAL. A teachers' recital will be given to-night at Bethel Female College. It promises to be a delightful entertainment, and an excellent program has been arranged for the occasion. The teachers will be assisted by Miss Ida Greer, of Bowling Green, who instructed a large violin class at this institution last year.

A STRAIGHT TIP. Everybody in Bowling Green knows Dr. Rowland Smith West. He is, at present, practicing dentistry at Pembroke, Ky., with splendid success. This time has a straight tip that he will, here long, lead a Hopkinsville girl to the altar—Park City Times.

BLACK. Mr. Alexander Black, who appeared at the opera house, last night, is especially interested in libraries, and has announced his willingness to return to Hopkinsville at an early date to repeat "Miss Jerry" and give one of his other popular plays for the Library Association, agreeing to turn over to the directors all of the proceeds above his bare expenses. The Association deeply appreciates Mr. Black's offer and will doubtless accept it.

Diseases often lurk in the blood before they openly manifest themselves. There fore keep blood pure with Hood's Sarsaparilla.

A WORD OF WARNING.

Suggestion that Local Tobacco Men are in a Hurry.

There is a good deal of excitement among the tobacco men of the Clarksville and Hopkinsville districts over the high prices being paid for tobacco by buyers in the field. It looks like somebody is a little anxious, considering most of the tobacco goes abroad, and the foreigners are slow to move, and claim to have a year's stock on hand. Look out that somebody does not slip up.—The Weed.

"As if a brick were lying in my stomach" is the description by a dyspeptic of his feeling after eating.

This is one of the commonest symptoms of indigestion. If you have it take Shaker Digestive Cordial.

Not only this symptom, but all the symptoms of indigestion are cured by Shaker Digestive Cordial.

So many medicines to cure this one disorder. Only one that can be called successful, because only one that acts in a simple, natural, and yet scientific way. Shaker Digestive Cordial.

POULTRY CULTURE.

Never forget this in poultry culture: The pullet that commences to lay earliest in life is the one to lay the largest number of eggs through life, as she has the milk-producing organs active early make the best cows. Select the fast-growing, early maturing specimens that present the full type and are found in the breed; and use only these as breeders, and the egg-producing merits will be increased. We have reported some wonderful results in single specimens, which can be made true to a flock. But it is care and attention to the flock that finds and secures these merits in the progeny. Neglect and haphazard breeding never pays.

Move Back.

The Latham Light Guards feel that they have a large size kick coming. Wednesday afternoon at the Henderson County fair they entered a competitive drill. Their opponent was a company from Evansville, the Henderson Ovensboro, Madisonville and Hartford companies taking at the last minute. The Hopkinsville boys took the field first, and perfectly executed, they say, a series of perfect and difficult maneuvers and performed the manual in a manner that won hearty applause of the spectators. Evansville followed and put up a very good drill, but which by no means equaled in excellence that of the Kentuckians.
